

Our supporters help us achieve Shannon Gillen's artistic vision – the creation of her ambitious new works, for our highly skilled dancers to perform and the production of innovative contemporary dance education that touches the lives of young artists.

We truly value this support that makes such a difference to what we can achieve – now and in the future.

We invite those inspired by Gillen's work to join us on this exciting journey.

INNER CIRCLES

Patrons who feel able and motivated to give donations annually of \$1,000 and above join the CREATION CIRCLE. Individuals in the Creation Circle develop a close personal relationship with Shannon and with the company; making a truly significant impact on the organization. They are named alongside our Board of Directors as key supporters and also receive: credit as co-commissioners of VIM VIGOR's in all 2016 programs; invitations to exclusive events highlighting VIM's creative process with sneak peek performances of the company's latest research and artist discussions; special access to VIM's company class for an insider's look at how the company trains; access to dress rehearsals; and priority seating at all company performances.

The SPONSOR CIRCLE recognizes those making an annual donation of \$500 and above. Critical to the continued support of the visionary dancers of VIM VIGOR, our Sponsor Circle is closely involved with the company, receiving invitations to performances and exclusive events with the dancers as well as recognition on our website and in all 2016 programs. Individuals also receive priority seating at all company performances.

The INNOVATOR Circle recognizes those who make an annual donation of \$250 and above. Reflecting the importance of this early support in the development of Shannon's work, our Innovator Circle members receive invitations to performances and special events and recognition on our website and in all 2016 programs.
